- All Staff, Governors and visitors understand that ICT includes a wide range of systems, including mobile phones, digital cameras, laptops and tablets.
- All staff, Governors and visitors understand that it is a disciplinary offence to use the school ICT equipment for any purpose not permitted by its owner. Please refer to E-Safety Policy.
- No staff, Governors or visitors will disclose any passwords provided to them by the school.
- All staff, Governors and visitors understand that they are responsible for all activity carried out under their username.
- Staff, Governors and visitors will not install any hardware or software on any school owned device without the ICT Co-ordinators permission.
- All staff, Governors and visitors understand that their use of the internet may be monitored and if anything untoward is uncovered, could be logged and used in line with any disciplinary procedures. This includes all school owned devices. If an E-safety incident should occur, staff will report it to the Senior or Deputy Designated Professional for Child Protection as soon as possible.
- All staff, Governors and visitors will only use the school's email / internet / network etc and any related technologies for uses permitted by the Head or Governing Body. If anyone is unsure about an intended use, they should speak to the Head beforehand.
- All staff, Governors and visitors will ensure that data is kept secure and is used appropriately as authorised by the Head or Governing Body. No passwords should be divulged and memory sticks should also be encrypted.
- Personal devices must only be used in the context of school business with the explicit permission of the Head. Personal mobile phones or digital cameras must NEVER be used for taking any photographs related to school business. Each class has a digital camera specifically for this purpose. These school cameras must NEVER be used for personal use.

- All staff, Governors and visitors will only use the approved email system for school business.
- Images will only be taken, stored and used for purposes within school unless there is parental permission for alternative use. At the start of each year, our parents are asked to sign if they agree to their children’s images being used in our brochure or in the local press. If a parent does not agree to this, we ensure that their child’s photograph is not used. Filming and photography by parents and the wider community at school events, such as sports days and school productions, are allowed in relation to the guidelines in our Social Media and Networking policy.
- All staff, Governors and visitors will make every effort to comply with copyright and intellectual property rights.
- All staff, Governors and visitors will report any incidents of concern regarding staff use of technology and/or children’s safety to the Head or the Deputy Designated Safeguarding lead in line with our school’s Safeguarding Policy.
