

Bumps to Babies

You are invited to attend Bumps To Babies
Horncastle Children's Centre
Mondays 11am-12pm

A session for pregnant and new parents, and their babies.

This session aims to introduce new families to the Children's Centre.

A relaxed friendly session to support both pregnant mums and new parents. The session focuses on the needs and requests of the families attending, and aims to aid the transition into accessing other sessions provided at the Children's Centre.

Activities include a tour of the centre and a meet and greet with staff. There are lots of resources such as Treasure Baskets, Cosy Areas and Sensory Materials which will allow new babies to develop individual curiosity in a safe, secure environment.

Aimee is looking forward to meeting you!
