

How to Submit Work Through Google Classroom

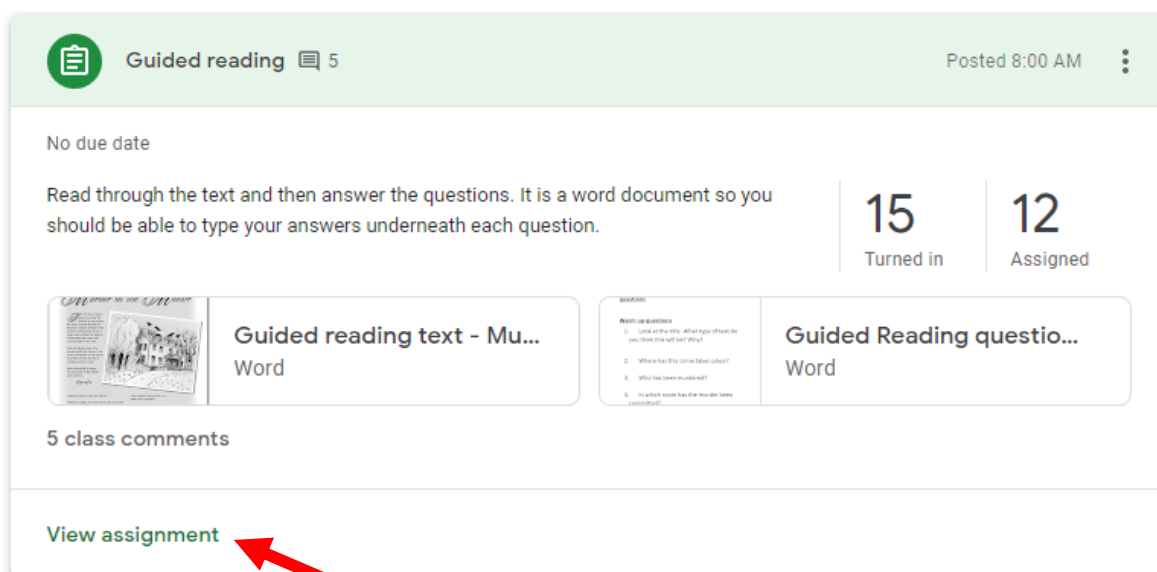

1. Find the assignment for the work that you are completing. This is found under the Classwork tab on Google Classroom.

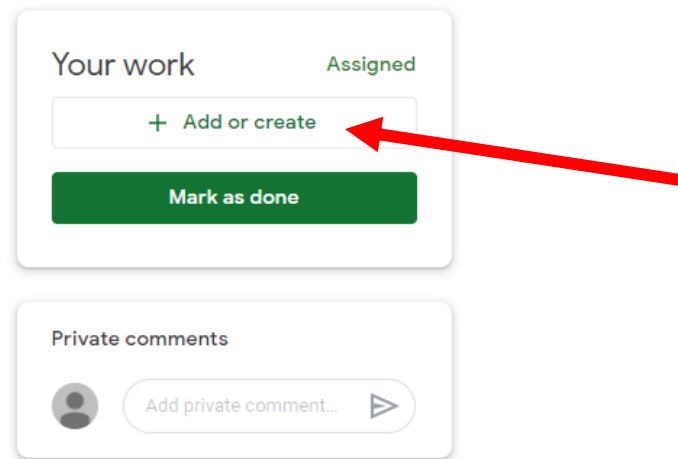

2. Then, find the correct assignment and click on it. For example, if I was completing the Guided Reading task then I would click the Guided Reading assignment.

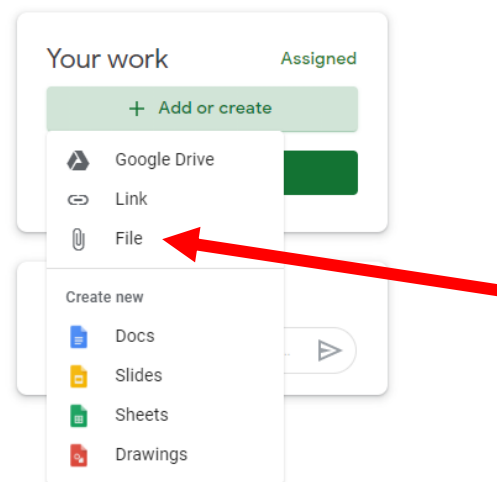

3. Then, press view assignment.

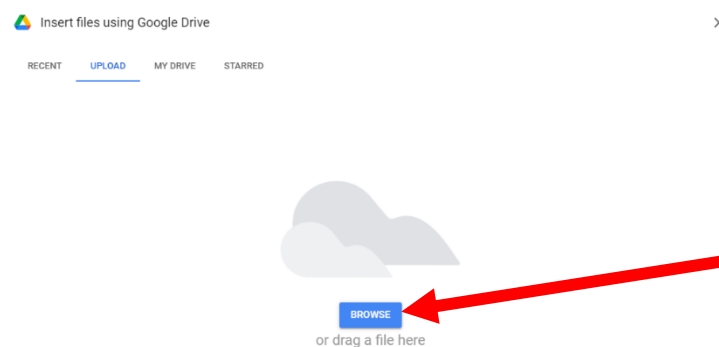

4. Then, on the right-hand side of your page it will say 'Add or create.' This is where you upload the work. So, press this button.

5. Then press file

6. Then press browse. This will open up your documents that you have saved on your computer. Find the document/image and then press open

7. Wait for the document/image to be uploaded. Then, press mark as done.
